# STAY COOL

*San Bernardino*

## **Find a cool or air-conditioned place.**

Air-conditioned recreation centers and libraries are open and available for you to come in and cool down.

## **Stay Hydrated.**

Make sure to drink water all throughout the day, even when you're not thirsty.

## **Cool Off**

Visit one of our FREE local Splash Pads or one of our LOW-COST swimming pools and enjoy the refreshing water.

## **Postpone strenuous outdoor activities.**

Participate in an indoor activity or take frequent breaks under the shade if outdoors.

## **Protect your body.**

Keep your skin protected from the sun by using and reapplying sunscreen, using an umbrella or hat, and wearing sunglasses.

## **Check-in on family, friends, and others.**

Seek medical care if anyone is showing signs of heat exhaustion (dizziness, headache, no sweating, unconsciousness)
